

Buronov Ponor

Location:

Serbia, Mt.Miroč (right side of the Danube gorge); about 80 km from Băile Herculane.

Dates:

20-21 August 2014.

Length:

approx. 2000 m in the cave (3593 m is the total length)

Height difference:

-170 m in the cave (-210 m is the total depth). Vertical drops of up to -20 m, with horizontal passages in between.

Estimated time:

About 10 hours in the cave.

Equipment needed:

Vertical caving equipment.

Optional equipment: kneepads (crawling passage is about 400 m long), neoprene suit (several lakes are present; some may be passed along traverses, some not, but the latter ones are optional).

Food:

One dinner will be provided by organisers, other meals are on participants themselves.

Transport:

It will not be provided by the organizers. Participants are supposed to come to the camping place themselves. From the camping place, the cave is reached on foot (15 minutes walk).

Fee:

20 €/person.

Route sights:

Between Buronov Ponor and Băile Herculane, the road passes along the Serbian side of the Danube gorge.

Organiser:

Federation of Speleological Organizations of Serbia (SSOS)
